

Project	Description
Royal London	3 x MRI Rooms + magnetic Field Shielding + Quench Siemens Scanners
St Barts Hospital	3 x MRI Quench Philips Scanners
Ninewells Hospital, Dundee	PET Scanner lead shielding
Cobridge Health Centre	Lead Shielding fro X-Ray Rooms
Basildon General Hospital	LED Lights for MRI Room
Homerton Hospital	LED Lights for MRI Room
Royal London	Lead shielding for X-Ray Calibration Laboratories and Radioisotope Treatment Rooms
Royal London	Radio Frequency Shielding for Microwave Therapy Room
St Barts Hospital	Lead shielding for Radiotherapy Orthovoltage X-Ray, Operating Theatre Brachytherapy and Radionuclide Therapy Rooms
Edith Cavell Hospital, Peterborough	2 x MRI Rooms + Magnetic field Shielding GE Scanners
Royal London and St Barts Hospitals	Lead shielding for Orthovoltage Room
Frenchay Hospital, Bristol	Medical equipment support ceilings MRI Room + quench Philips Scanner
Freeman Hospital, Newcastle	2 x MRI Rooms + quench Siemens Scanner Magnetic field shielding
Royal Victoria Hospital, Newcastle	2 x MRI Rooms + quench + Magnetic Shielding Philips Scanners
	5 x NP (Neurophysiology) room Shielded aluminium
Queens Medical Centre, Nottingham	1 x MRI Room + quench + Magnetic field shielding GE Scanner
	4 x X-Ray rooms and CT rooms
National Physical Labs,	Neutron shielding for Linac

Teddington

John Radcliffe Hospital, Oxford	1 x MRI Room + quench + Magnetic field shielding GE Scanner
Gartnavel General Hospital, Glasgow	2 x PET Scanners + 11 associated rooms GE PET Scanner
Derby Royal Infirmary, Derby	1 x MRI Room GE scanner
Southampton General	1 x MRI Room Magnetic field shielding Scanner manufacturer not known, installed after completed installation
Alexandra Hospital, Redditch	MRI magnetic field shielding Philips Scanner
Worcester PFI Hospital	1 x MRI Room Siemens Scanner
Hammersmith Hospital	Stainless steel shielding for cyclotron
George Eliot Hospital, Nuneaton	MRI Magnetic field shielding Philips Scanner
Royal Vet College	1 x MRI Room (equine) Scanner supplier not know
Heartlands Hospital – Birmingham	MRI Magnetic field shielding Philips Scanner
Imaging Facility Claire Street, London	1 x MRI Room GE Scanner CT Room shielding

Quality

European Products are registered to BS EN ISO 9000:2008.

Registered activities:

The design, assembly, installation, servicing and testing of RF shielded structures and equipment including EMI shielding and thermal management materials; gas tight doors; specialised mobile electromagnetic pulse protection (E.M.P.P) containers. Radio Frequency and Magnetic Field shielding for MRI (Magnetic Resonance Imaging) scanners. The design, supply and installation of ionising radiation protection facilities.
